DiVosta Smart Home features are available for an additional cost and may be installed by a third party after your home purchase. DiVosta makes no representation or guarantee that equipment, networks, or services will satisfy all homeowner needs or that such equipment, network, services, or any connected devices are secure or will prevent cyberattacks or privacy intrusions even if properly configured. Wireless performance in homes will vary due to construction and/or design changes, placement of appliances/furnishings, usage, and local conditions. Homeowners must obtain their own Internet service and determine their bandwidth needs. Some features of DiVosta Smart Home may require a compatible device and require that you have an account with a third party. Features shown or described are each a model, manufacturer, type, and grade selected by builder, and builder reserves the right to substitute the selection at any time without notice. Any warranty or guaranty of any product included or installed is offered by the product manufacturer or installer and not DiVosta, and builder does not warrant any product or its installation. Features of the DiVosta Smart Home are not a substitute for a home security system or monitoring company. See sales consultant for details regarding DiVosta Smart Home features and costs. Photograph is for illustrative purposes only and is not an actual representation of any features or designs of a specific home or features offered. This material shall not constitute a valid offer in any state where prior registration is required or if void by law. © 2018 PulteGroup, Inc. All rights reserved. Oct. 2021

OUR COMMITMENT TO QUALITY

Our building practices meet or exceed industry requirements. With over 65 years of experience, we have homebuilding down to a science.

DiVosta Construction Standards meet or exceed those of the industry. We strictly follow all specifications for every system, as well as those for the fit and finishes throughout the house. Independent auditors regularly conduct inspections for verification and quality control.

DURABILITY	
Foundation	VERIFIED QUALITY: Both Field Manager and municipality inspections to verify foundation quality TAPE AND POLY SEAMS: Protective measure taken to help minimize intrusion of vapor, moisture, and gases such as radon
Exterior (Brick/Stone/Stucco)	VENEERS WITH DRAINAGE PLANES: Installed to minimize likelihood of water intrusion, with drainage planes behind exterior veneers to help repel moisture away from your home HURRICANE SHUTTERS: Standard feature in every home and engineered to meet the Florida Building Code.
Framing	DETAILED INSPECTIONS: Performed to ensure expert framing and a solid structure that will last for years to come STEEL-REINFORCED CONCRETE BLOCK: Professionally engineered concrete block wall construction reinforced with concrete and steel rebar
Roofing	UNDERLAYMENT: Installed in locations on the roof where leaks are most likely to occur, acting as a barrier to help keep moisture from entering your home ROOF TRUSSES WITH HURRICANE STRAPS: Professionally engineered roof trusses attached by hurricane straps anchored in concrete

ENERGY EFFICIENCY	
Draft Protection and Moisture Prevention	BUILDING HOUSE WRAP: Engineered to minimize rain intrusion into walls while allowing water vapor to pass to the exterior. Seams carefully sealed to reduce excess air flow BUTYL TAPE /LIQUID WATERPROOFING: Installed at all tubs, windows, and doors to reduce the risk of water damage, as well as excess air flow from entering or exiting your home CONSTRUCTION JOINTS & WINDOW FRAMES: Sealed to help limit leaks and drafts, keep bugs out, and help reduce dust and allergens WEATHERPROOF WALL PENETRATIONS: Installed at exterior wall plumbing and electrical penetrations to provide sealed air barrier and reduce the risk of water intrusions that can lead to mold, dry rot, and other problems
Windows	LOW-E WINDOWS: Installed to reduce energy loss and control heat transfer while lessening UV rays that can cause fading on some furniture
Heating and Cooling	HVAC SYSTEMS: Appropriately sized to deliver outstanding efficiency, help lower energy consumption, and help lower energy bills
Appliances	ENERGY-EFFICIENT APPLIANCES: Chosen to reduce energy consumption and help you save on energy costs
FINISH DETAILS	
Fixtures and Finishes	NATIONAL BRAND PARTNERSHIPS: Curated premium design and details for your home through our national partnerships with Moen®, Whirlpool®, Shaw®, and Sherwin-Williams®, so the details and design in your home are first class
Drywall/Interior	FIELD MANAGER INSPECTIONS: Ensure proper drywall installation to help create smooth walls and minimize cracks and screw pops

1-YEAR LIMITED STRUCTURAL WARRANTY

1 year coverage on structural elements of the home

1 year coverage on various types of water infiltration and internal leaks

1 year coverage on the workability of plumbing, electrical, HVAC, and other mechanical systems

1 year coverage on materials and workmanship

↔ Warranty is transferable

DIVOSTA®

Descriptions of features and products are not a warranty as to performance of any feature or product, but are a general description of intended performance. In our continuing effort to improve our product, DiVosta reserves the right to make changes or modifications to plans, specifications, materials, features, or floor plans without notice. Construction features, techniques, and materials are subject to modification and change from time to time without notice. See sales consultant for actual features and materials in a particular home at time of purchase. DiVosta reserves the right to modify, substitute, or withdraw any features, designs, appliances, or manufacturers listed or described at any time without notice. Warranties are transferable to subsequent owner who takes title within the applicable warranty period. Information above is intended only to highlight certain aspects of the warranty. Terms, conditions, exclusions, and limitations apply. Warranty is based on Performance Standards criteria that are set forth in the full warranty. A complete description of warranty terms, conditions, exclusions, and limitations is found in your contract. 1-year structural warranty covers: footings, bearing walls, beams, girders, trusses, rafters, bearing columns, lintels, posts, structural fasteners, subfloors, and roof sheathing. The photograph depicts a model containing features or designs that may not be available on all homes. Actual energy usage is dependent on a number of factors, including energy consumption, energy conservation practices, home orientation, and weather conditions. This material shall not constitute a valid offer in any state where prior registration is required or if void by law. All other trademarks not owned by builder are the property of their respective owners. © Pulte Home Company, LLC. All rights reserved (October 2021).
